

Use this dry material spreader for seed, dry granular fertilizers, pesticides and ice melting materials. Variable speed 12 volt motor lets you vary the spread width from 5 to 45 feet. Cover sidewalks to parking lots with ice melt or cover odd shaped pieces of lawn with fertilizer. Mounting brackets available to fit ATV's and pickup receiver hitches.

## FEATURES

### SCH-DMS-12V

- 2.2 Cubic Foot Poly Hopper
- 12 Volt Motor With Variable Speed Control (VSC-10) and On/Off Switch
- Material Agitator
- Stainless Steel Radial 6-Blade Fan
- Holds Up To 145 Lbs. Potash or 99 Lbs Urea
- Universal ATV Mounting Bracket

APPROVED FOR:

**INCLUDES

Utilize your UTV with the Optional Receiver Hitch attachment and seed and spread in those hard to reach places that either weather or terrain limit access with conventional equipment. Great for wildlife food plots, early spring seeding and dry fertilizer spreading when wet field conditions limit other access.

By using the optional receiver hitch mount, the ATV-DMS-12V can easily be attached to a pickup to make de-icing a simple task! And with the dust cover on top, your de-icing material won't get wet or fly out of the hopper.
