

SEMI TRAILER QUAD TOTE RACK SYSTEM

Features:

- Heavy Duty Door with Expanded Metal Lower Compartment
- Heavy Duty Door Latch with Lock Pin
- Fits 135, 275 & 330 Gallon Tote Shuttles
- Removable Chemical Pump Hanger Brackets
- 58" x 101.5" with Locker
58" x 85" without Locker
- 92" Overall Height

The Quad Tote Rack system conserves deck space and allows four chemical shuttle tanks to be transported in the space that normally can only hold two. Available with a center locker system with four shelves to transport and store hand-pour products. The locker has capacity to hold up to 32, 2.5-gallon jugs with an adjustable backstop and retrieval system.
